

Your San Luis Obispo Symphony sometimes attracts musicians and guest artists from outside the local area. In these cases, we hope to provide comfortable local accommodations that can foster our mission to ignite a passion for music in our Central Coast community, creating connection and joy, by placing musicians with local community members who can host them in their home.

- Hosts are only expected to provide a clean private bedroom, a bathroom (not necessarily private, but that is a plus), and a house key, gate code etc. so the musicians can come and go as they need.
- Hosts are not required to provide transportation or meals. Eating arrangements (shared meals, refrigerator space, cooking, etc.) are site specific and must be agreed between musician and host.
- No smoking is allowed inside any public building in the City of San Luis Obispo. If a host allows smoking at all, it is almost always outside only.
- The presence of pets and allergies of any kind need to be known in advance. Musicians are not allowed to bring pets.
- Arrangements for practice/warm-up sessions in the host's home should be a discussion ahead of time. Musicians should also discuss their daily schedules with their hosts during their stay.
- As guests in private residences, musicians agree to respect the wishes of the host with regard to cleanliness, departure/arrival times and respect for the property. Guests should leave the property in the condition in which they found it.
- Musicians should feel free to explore social activities when not in rehearsal. However, musicians should check with hosts before inviting guests to visit them at host's residences.
- As a thank you for offering your home, we offer two complimentary tickets to one of the SLO Symphony classics concerts.

We deeply appreciate those who have already housed our out-of-town musicians in the past, and we are so pleased to continue this tradition of hospitality.

Questions and concerns should be directed to:
